Subject: School Lunch

Aramark is proud to service the students at St. Maximilian Kolbe. We are currently evaluating our program and are interested in your feedback. One of the areas we are focusing on is parent communication. We are working to provide updates more often and include improved menu descriptions, FAQs and a sounding board for any lunch issues your child has experienced.

We recognize the importance of parental feedback and would like to hear from you about how Aramark can better serve your student. Please feel free to contact me regarding any food or account related issue, general feedback or ideas for improving the program. We are committed to improving your child's lunch experience and welcome the opportunity to do so.

We have also included a student/parent survey that would assist us in recognizing any areas that need improvement. It is only 8 questions and can be done by you or together with your child. The survey link is below and I look forward to hearing from you and your feedback.
